

New Generation Breakfast Creek

ALBION PARKWAY PROPOSED DEVELOPMENT

Albion Park Raceway is considered to be a very important site in the Albion area, being one of the most significant land holdings. It is anticipated that the proposed redevelopment will act as a catalyst for other significant changes of land use in the Albion area. The proposed redevelopment will include a "new look" racing facility that will meet both contemporary and potential future needs.

The Albion Park Raceway's proposed redevelopment strategic plan for this site is to create a unique destination of appeal for the Albion Park Raceway Area, optimizing the accessibility of the facility and creating strategic relationships with new and existing land uses.
